

NAWIC

As material for the construction of our building, I pledge the agility of my hands, the ability of my mind, and the integrity of my heart.

NUTS & BOLTS, December 2013

Message From Your President

The holiday season is almost behind us, I hope yours was everything you hoped it would be and more.

This morning the reality of winter slapped us right in the face -8 on the old temperature gauge. Not as cold as the coldest temperature in American, which was -79.8 Jan 23, 1971 in northern Alaska.

I have the luxury (if you will) to have an indoor job. I do not envy the outdoor construction workers today. Bundle up everyone there is a lot of winter left.

Speaking of construction, in Wisconsin Amazon is well on its way to having a presence in our lovely state. There has been approval for 1.1 million square foot distribution facility and they have submitted plans for an additional 500,000 sq ft building. What a great time for all of us in construction.

The two buildings could create more than 1500 jobs.

The zoo interchange is coming along nicely, already you can see changes in the landscape. I am sure it will be a rough commute for a while, but, in the end it will all be worth the inconvenience.

2014 is just around the corner and we will jump in with both feet, and hit the ground running. Looking forward to sharing the NAWIC experience in 2014.

May the dreams of your past be the reality of your future.

INDY AMEC UPDATE

As you are out shopping this week and next, keep in mind NEXT year you can get your shopping done early while in Indy for AM&EC in September! :) We have great shopping, both in walking distance from the JW Marriott where we will be hosting "convention," as well as specialty shops you need a car/cab to get to. Those are along Mass Ave (northeast side of downtown), Broad-ripple Village and The Fashion Mall at Keystone at the Crossing (both more on the north side of Indy), and Zionsville (a northwest suburb of Indy). Downtown hosts individual shops, of course, but also hosts a mall called Circle Center Mall. It has some great shops, restaurants, even a movie theater and gaming center in it. These are connected by skywalks so no worries if the weather isn't cooperating the day you want to go! Of course there are many other areas, these are just a few highlights.

You may check all these out at the following web links:

I hope you decide to join us and come a few days early/stay a few days longer to take advantage of our charm! See you then!
